

# Let's edit this page (step 3 of 9)

**Pages are the primary means of storing and sharing information in Confluence.**

Pages are contained within spaces. This page is in the 'Demonstration Space'.

Let's play with some content. Don't worry, you won't break anything:

1. Click **Edit** at the top of this page. Now you are in the editor.
2. Type some words in the panel below this one.
3. Have some fun:
  - Change the color of some text: Select the text, then choose a color from the color option in the editor tool bar.
  - Add a link: Select some text, then choose the **Link** button on the toolbar.  
Click **Web Link** and enter an **Address**, such as `http://www.atlassian.com`.  
Click **Insert** to insert the link.
  - Find a picture on your computer, and drag it anywhere on this page.
  - Try some of the other options in the editor toolbar.

When you're ready, click **Save** and go to the next step or back to the space home.
